Gray-breasted Crake (*Laterallus exilis*)

**Population Trend (PT)**

Unknown (Delany and Scott 2002)

“species retreating from a formerly greater range...may be more overlooked than uncommon in Central America and its numbers in Costa Rica are thought to have increased greatly in recent years...” (Taylor 1998)

**PT FACTOR SCORE=?**

**Population Size (PS)**

Unknown (Delany and Scott 2002)

“fragmented distribution suggests species may be more widespread than is known...apparently local and uncommon to rare in Central America...” (Taylor 1998)

**PS FACTOR SCORE=?**

**Threats to Breeding Populations (TB)**

“creation of habitat following the deforestation of most of Costa Rica’s humid lowlands (may have caused recent apparent increases)...” (Taylor 1998)

**TB FACTOR SCORE=3**

**Threats to Non-breeding Populations (TN)**

**TN FACTOR SCORE=3**

**Global Range** (Taylor 1998; inset=plan area range)

---

**Breeding Distribution (BD)**

Guatemala S to Venezuela, Guianas, Colombia, N Ecuador, E Peru, N Bolivia to SE Brazil (Delany and Scott 2002)

327,800 km² (plan area distribution; estimated from range maps)

**BD FACTOR SCORE=5**

**Non-breeding Distribution (ND)**

Guatemala S to Venezuela, Guianas, Colombia, N Ecuador, E Peru, N Bolivia to SE Brazil (Delany and Scott 2002)

327,800 km² (plan area distribution; estimated from range maps)

**ND FACTOR SCORE=5**
